**REPORT TO BOARD OF REGENTS ON INTERCOLLEGIATE ATHLETICS
AT UW-MADISON**

January 29, 2014

2012-13 Executive Summary to Board of Regents

Introduction

This report provides information about intercollegiate athletics for the Board of Regents. It addresses fiscal responsibility, academics, and compliance.

The Athletics Department: Makeup, Mission, & Membership

The Division of Intercollegiate Athletics, generally referred to as the “Athletics Department,” is a departmental unit within the University governed by the policies of the University of Wisconsin-Madison. The Athletics Department is led by the Director of Athletics reports to the Chancellor of the University, who has final authority over the department, and the Athletic Board. The Chancellor reports to the President of the UW System, who in turn reports to the UW Board of Regents.

The Athletics Department dedicates itself to the mission of providing athletic opportunities to a wide range of students and providing an environment in which all student-athletes can achieve their academic and competitive goals.

The Athletics Department is a member institution of the National College Athletic Association (NCAA), the Big Ten Conference and the Western Collegiate Hockey Association. Therefore, the department abides by the rules and regulations promulgated by these organizations.

The department creates an Annual Report which provides an overview of the department’s accomplishments and progress towards specific performance goals. Within the Annual Report, the Game Plan outlines the department’s specific performance goals and measurable benchmarks by which to evaluate its progress towards those goals.

Financial Highlights

The full Report contains the final budget, debt balances and payments, and endowments for the 2012-13 fiscal year (see page 5 and Appendices A & B). The 2012-13 fiscal year was unusual in that there was a one-time increase in expenditures for building projects, specifically the Student-Athlete Performance Center. This increase was off-set by a similar increase in gift funds. The annual budget for the Department is approximately \$108 million, not counting the \$25 million one-time increase. This budget supports 23 sports and approximately 900 student-athletes at any given time, depending on cuts, quits, and other roster changes. The Department employs over 600 people. The economic impact has been estimated at \$970 million annually, with 8,853 jobs supported and created by the Department. The Department generates \$52.8 million in tax income. There is no deficit to be handled from 2012-13 operations. Endowments showed a market value increase of nearly \$5 million over the 2012-13 fiscal year.

Academic Measures

The Athletics Department uses various means to monitor the academic progress of the student-athletes. The federal graduation rate (FGR), graduation success rate (GSR) and Academic Progress Rate (APR) are the most recognizable of these measures. The established benchmarks include:

- Maintain a student-athlete graduation rate that is greater than the rate for all UW-Madison students. **UNMET in 2012-13. (UW S-A: 75%, All UW: 83%).** Over the past decade there has been a significant increase in graduation rates for both student-athletes and the general student body.

-
- Maintain a student-athlete graduation rate that is greater than the rate for the Big Ten Conference. **MET in 2012-13. (UW S-A: 75%, Big Ten S-A: 74%)**
 - Maintain a student-athlete graduation rate that is greater than the rate for all Division I Student-Athletes. **MET in 2012-13. (UW S-A: 75%, D1 S-A: 65%)**
 - Maintain a GSR for student-athletes that is greater than the median GSR of the Big Ten Conference. **UNMET in 2012-13. (UW S-A: 85%, Big Ten S-A: 88%)**
 - Maintain a GSR for student-athletes that is greater than the GSR of all NCAA Division I Athletes. **MET in 2012-13. (UW S-A: 85%, D1 S-A: 80%)**
 - All teams have a multiyear Academic Progress Rate (APR) above 930. **MET in 2012-13. (No sport had a multiyear APR of 930 or below)**
 - All teams have a single year Academic Progress Rate (APR) above 930. **MET in 2012-13. (No sport had a single year APR of 930 or below)**

University of Wisconsin student-athletes carried a 3.02 cumulative GPA at the end of the Spring 2013 term. After the Spring 2013 semester, 385 student-athletes (52%) carried a 3.00 GPA or above, 118 student-athletes (16%) achieved a cumulative GPA above 3.50, and 6 student-athletes have a perfect 4.00 cumulative GPA.

UW student-athletes currently major in 92 diverse areas of study. Sociology, Life Sciences, Kinesiology, and Biology are the most common majors among student-athletes, but there are currently 70 different areas of study which 10 or fewer student-athletes have declared as majors. A total of 109 student-athletes graduated during the 2012-13 academic year.

UW-Madison does not employ a special admission process for student-athletes. Student-athletes progress through the admissions process in the same manner as other applicants. The University of Wisconsin–Madison utilizes a holistic, competitive, and selective admissions review.

Agreed-Upon Procedures & Intercollegiate Athletics Budget Report

The full report contains reports from an independent auditor on the Athletics Department's agreed-upon procedures and budget report for the 2012-13 fiscal year.

Compliance

The Athletics Department reported no major violations and twenty secondary violations in 2012-13. These numbers are consistent with reporting statistics from previous years. For a detailed list of reported secondary violations, see Appendix H in the full executive summary.

The 2012-13 Internal Audit of Athletics Department compliance procedures found that there exists an adequate system to monitor NCAA compliance, exclusive of minor issues within the areas of recruiting, camps and clinics, playing and practice seasons, and student-athlete employment.

INTRODUCTION

The intent of this report is to provide annual information of intercollegiate athletics and the functions outlined by the Faculty Senate to the Board of Regents. In the first section, information is provided about the NCAA, the Big Ten, and the Intercollegiate Athletics Department. The second section will outline specific information addressing academics, fiscal responsibility and compliance regulation.

I. DIVISION OF INTERCOLLEGIATE ATHLETICS

The Division of Intercollegiate Athletics, generally referred to as the “Athletics Department,” is a departmental unit within the University governed by the policies of the University of Wisconsin-Madison. The Athletics Department is led by the Director of Athletics who is hired by the Chancellor of the University. The Director of Athletics reports jointly to the Athletic Board and to the Chancellor, who has final authority over the department. The Chancellor reports to the President of the UW System, who in turn reports to the UW Board of Regents.

A. Mission of Intercollegiate Athletics

The Athletics Department dedicates itself to the mission of providing athletic opportunities to a wide range of students and providing an environment in which all student-athletes can achieve their academic and competitive goals. The department strives to provide equitable opportunities for all student-athletes and staff regardless of gender or ethnic backgrounds. To honor its academic mission and that of the university, the department supports the educational aspirations, academic progress and general welfare of the student-athlete. In competition, the department fosters principles of sportsmanship, respect, fair play and athletic excellence. In all of its activities, the department insists on integrity, ethical conduct and accountability.

The mission on behalf of the...

- **Student-Athletes** - Provide the resources for student-athletes to pursue their academic and athletic dreams, while shaping their development into adulthood.
- **University** - Operate all areas of the department with class and quality while accepting our role as a source of school spirit and pride for all faculty, staff, students and alumni of the university.
- **Citizens of the State** - Support the community by participating in a variety of public service projects, hosting events that provide good entertainment and contribute positively to the economy, and serving as a source of state pride through the academic achievement of our student-athletes and successful performance in their athletic pursuits.

This mission is derived from the overall mission of the University to provide the opportunity for highest achievement in all areas of human knowledge and endeavor: intellectual, artistic and physical. Intercollegiate Athletics is a part of the University’s total educational purpose: 1) through values; 2) through diversity and outreach; 3) through cultural appreciation, and 4) through physical human development. In addition, to these four explicit interactions with the University’s purpose, intercollegiate athletics is entwined with the university’s mission through tradition.

B. National Collegiate Athletic Association (NCAA)

The colleges, universities and conferences, referred to as “members,” make up the NCAA. The members appoint volunteer representatives that serve on committees which introduce and vote on rules called bylaws. The members also establish programs to govern, promote and further the purposes and goals of intercollegiate athletics.

Approximately 350 paid professionals that implement the rules and programs established by the membership make up the “national office.” The national office staff is located primarily at the headquarters office in Indianapolis, Indiana. The entire organization comprised of members and staffs is referred to as the NCAA.

The NCAA's core ideology consists of two notions: core purpose - the organization's reason for being - and core values - essential and enduring principles that guide an organization.

Their purpose is to govern competition in a fair, safe, equitable and sportsmanlike manner, and to integrate intercollegiate athletics into higher education so that the educational experience of the student-athlete is paramount. The NCAA - through its member institutions, conferences and national office staff - shares a belief in and commitment to:

- The collegiate model of athletics in which students participate as an avocation, balancing their academic, social and athletics experiences.
- The highest levels of integrity and sportsmanship.
- The pursuit of excellence in both academics and athletics.
- The supporting role that intercollegiate athletics plays in the higher education mission and in enhancing the sense of community and strengthening the identity of member institutions.
- An inclusive culture that fosters equitable participation for student-athletes and career opportunities for coaches and administrators from diverse backgrounds.
- Respect for institutional autonomy and philosophical differences.
- Presidential leadership of intercollegiate athletics at the campus, conference and national levels.

C. History of Intercollegiate Athletics

The creation of athletic teams (most notably rowing and baseball) occurred just 25 years after the University of Wisconsin-Madison (“UW”) was founded in 1848. By the end of the 19th century, the UW joined six other schools to form the Western Conference (now known as the Big Ten Conference). As a charter member of the Big Ten, the UW has a long and proud athletic history.

Men’s sports dominated the scene at the UW until the late 1960s when women’s athletics began to grow. Kit Saunders was named the administrator of the women’s sports program in 1967 and Title IX of the Educational Amendments Act of 1972 helped vault women’s athletics into the mainstream.

That movement along with growing popularity of sports on college campus around the nation catapulted the UW Athletic programs into the college culture.

Today, the UW sponsors 23 sport programs supporting approximately 900 student-athletes at any given time, depending on cuts, quits, and other roster changes. Those sport programs are well supported and funded, which is evident in the all-sports Directors' Cup rankings, in which UW has finished among the nation's top 30 programs 13 times in the past 15 years. UW sport programs have enjoyed some of their most successful seasons in the past decade, with Rose Bowl appearances, national titles in men's and women's hockey, men's indoor track, men's cross country, men's rowing and women's lightweight rowing, along with remarkable facilities construction such as the Porter Boathouse and LaBahn Arena, as well as the renovation of Camp Randall Stadium.

For more information regarding the Division of Intercollegiate Athletics, visit www.uwbadgers.com.

The Athletics Department is a member institution of the National College Athletic Association (NCAA), the Big Ten Conference and the Western Collegiate Hockey Association (WCHA). Therefore, the department abides by the rules and regulations promulgated by these organizations.

Big Ten Conference

The Big Ten Conference is an association of 12 world-class universities whose member institutions share a common mission of research, graduate, professional and undergraduate teaching and public service. Intercollegiate athletics has an important place within the common mission. Conference institutions sponsor broad-based athletic programs supporting more than 270 teams.

Founded in 1896, the Big Ten Conference has sustained a comprehensive set of shared practices and policies that enforce the priority of academics in student-athletes' lives and emphasize the values of integrity, fairness and competitiveness. Big Ten universities provide approximately \$100 million in athletic scholarship aid to more than 8,500 men and women student-athletes who compete for 28 championships, 14 for men and 14 for women.

The Big Ten Conference institutions provide an avenue for thousands of young men and women to pursue higher education while competing in sport. The Big Ten Conference sponsors the following 28 sports:

Men's Sports

Baseball
Basketball
Cross Country
Football
Golf
Gymnastics
Ice Hockey
Lacrosse
Soccer
Swimming & Diving
Tennis
Indoor Track & Field
Outdoor Track & Field
Wrestling

Women's Sports

Basketball
Cross Country
Field Hockey
Golf
Gymnastics
Lacrosse
Rowing
Soccer
Softball
Swimming & Diving
Tennis
Indoor Track & Field
Outdoor Track & Field
Volleyball

For more information regarding the Big Ten, visit www.bigten.org.

Western Collegiate Hockey Association (WCHA)

The Big Ten conference does not sponsor women's hockey, thus the Athletics Department is a member of the Western Collegiate Hockey Association (WCHA).

From the association's founding days as the Midwest Collegiate Hockey League (MCHL) from 1951-53, to the Western Intercollegiate Hockey League (WIHL) from 1953-58, and ultimately on to the Western Collegiate Hockey Association in 1959, this prestigious conference has maintained a tradition of excellence that is second to none. With a noteworthy past that now spans seven decades, three overriding characteristics that have continued to define the WCHA over the league's 62 seasons are history, tradition and success.

In fact, no collegiate conference - in any sport - can top the impressive list of national scale accomplishments of the WCHA. Since 1951, teams representing this conference have earned an amazing 37 NCAA Championships and finished as the national runner-up another 27 times.

For more information regarding the WCHA, visit <http://www.wcha.com/>.

D. Athletics Department Annual Report

On a yearly basis the department creates an Annual Report which provides an overview of the department's accomplishments and progress towards specific performance goals. Within the Annual Report, the Game Plan outlines the department's specific performance goals and measurable benchmarks by which to evaluate its progress towards those goals. Within the framework of the Game Plan, the department has embraced the following core values as those that will guide future decision making:

EXCELLENCE
in **Academics** and **Athletic Competition**

COMMITMENT
to **Fiscal Responsibility, Compliance** and **Diversity and Gender Equity**

PERSONAL DEVELOPMENT
of **Student-Athletes**

SERVICE AND CONNECTION
to **Community** and **Campus**

PROFESSIONAL DEVELOPMENT
of **Staff**

RECOGNITION
of **Department Success**

NCAA Division I 2011 - 2012 Academic Progress Rate Public Report

Institution: University of Wisconsin, Madison

Date of Report: 06/09/2013

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2008-09, 2009-10, 2010-11 and 2011-12 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an * symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

N/A = No APR or not applicable.

N = Number of teams represented.

¹ Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional athletics and student resources and the team's Graduation Success Rate.

² Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.

³ Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁴ Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.

⁵ Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁶ Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁷ Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁸ Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.

⁹ Denotes that team's APR data is under review.

INDEPENDENT AUDITORS' REPORT

To the Chancellor
University of Wisconsin-Madison
Madison, Wisconsin

We have audited the accompanying statement of revenues and expenditures – budgetary basis of the University of Wisconsin – Madison Division of Intercollegiate Athletics (the "Athletic Department") for the year ended June 30, 2012. The statement of revenues and expenditures – budgetary basis is the responsibility of the Athletic Department's management. Our responsibility is to express an opinion on the statement of revenues and expenditures – budgetary basis based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of revenues and expenditures – budgetary basis is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of revenues and expenditures – budgetary basis. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of revenues and expenditures – budgetary basis presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the statement of revenues and expenditures – budgetary basis of the Athletic Department is intended to present the changes in financial position of the State of Wisconsin that are attributable to the transactions of the Athletic Department. The financial statement does not purport to, and does not, present fairly the financial position of the State of Wisconsin as of June 30, 2012, the changes in its financial position, or, where applicable, its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1, the Athletic Department prepares its statement of revenues and expenditures – budgetary basis following the accounting principles used in managing its operations in accordance with its budgetary procedures (the "budgetary basis") which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

To the Chancellor
University of Wisconsin-Madison

In our opinion, the financial statement referred to in the first paragraph presents fairly, in all material respects, the revenues and expenditures of the Athletic Department for the year ended June 30, 2012 in conformity with the basis of accounting described in Note 1.

This report is intended solely for the information and use of the Chancellor, management of the University of Wisconsin and Athletic Department, or an authorized representative of the National Collegiate Athletic Association and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO STATEMENT OF REVENUES AND EXPENDITURES – BUDGETARY BASIS
For the Year Ended June 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying statement of revenues and expenditures – budgetary basis has been prepared on the budgetary basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). The budgetary basis for the University of Wisconsin-Madison Division of Intercollegiate Athletics represents the accounting principles used in managing its operations in accordance with its budgetary procedures. The Governmental Accounting Standards Board establishes generally accepted accounting principles for states and local governmental units, including the University of Wisconsin-Madison Division of Intercollegiate Athletics. The most significant differences between the budgetary basis and GAAP (full accrual basis) are as follows:

- > Capital asset acquisitions funded by revenues are reported as expenditures rather than as capital assets.
- > Capital asset acquisitions funded by debt proceeds or from the State of Wisconsin are not reported.
- > Depreciation on capital assets is not reported.
- > Long-term debt proceeds are not reported as a liability.
- > Principal payments on long-term debt are reported as expenditures rather than as a reduction of a liability.
- > In-kind contributions are reported as revenues and expenditures in the year the goods were received or services provided to the Division of Intercollegiate Athletics.

See also Note 1B.

The format of the statement of revenues and expenditures – budgetary basis is based upon the prescribed format of the National Collegiate Athletic Association.

A. REPORTING ENTITY

The Division of Intercollegiate Athletics (the "Athletic Department") of the University of Wisconsin-Madison (the "University") is responsible for intercollegiate sports programs of the University. The Athletic Director is responsible for the day to day operation of the Athletic Department. The Athletic Department is ultimately governed by the University's Chancellor through the authority delegated by the Board of Regents of the University of Wisconsin System, which is part of the State of Wisconsin.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

A. REPORTING ENTITY (cont.)

This report includes the statement of revenues and expenditures – budgetary basis of the Athletic Department's intercollegiate sports programs. All functions related to these intercollegiate sports programs are included. The University Ridge Golf Course financial activity has not been included except for the payments for the UW Men's and Women's Golf Teams use of the golf course. Officially recognized booster organizations have been established to aid the Athletic Department with its outreach booster efforts. These organizations are not component units of the University and are not under the direct accounting control of the University or Athletic Department. As such, the accompanying statement of revenues and expenditures – budgetary basis excludes the financial activity of these booster organizations. However, the accompanying statement of revenues and expenditures – budgetary basis includes, upon satisfying all donor restrictions, those cash or in-kind contributions made to the Athletic Department by the recognized booster organizations.

Expenditures of these organizations are excluded from the accompanying statements. The recognized booster organizations at June 30, 2012 are as follows:

Badger Basketball Boosters
Mendota Gridiron Club, Inc.
National "W" Club, Inc. and Subsidiary

B. BASIS OF ACCOUNTING

The accompanying statement of revenues and expenditures – budgetary basis has been prepared on the budgetary basis of accounting which is a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Under the budgetary basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the Athletic Department considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Significant revenues susceptible to accrual include most operating revenues. Contributions from recognized booster organizations generally are recorded as revenues when received in cash or in-kind because they are not measurable or available until actually received. Cash receipts from advance ticket sales related to athletic events to be held in the subsequent year are deferred and will be recognized as revenues during the year the event takes place.

Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt, claims, judgments, compensated absences, and pension expenditures, which are recorded as a liability when expected to be paid with expendable available financial resources. Guaranteed payments to nonconference football opponents are reported as expenditures. Ticket sales shared with conference opponents are netted against gross ticket revenues.

Tuition waivers are recorded as athletic scholarships and tuition waivers. The value of the Adidas merchandise received is reported under the sports or other team expenditure categories while revenue is recorded under corporate sponsorships.

For the Year Ended June 30, 2012

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

C. MEASUREMENT FOCUS

The measurement focus of the statement of revenues and expenditures – budgetary basis is the flow of current financial resources concept. Under this concept, sources and uses of financial resources, including capital outlays funded by operating revenues and debt retirements are reflected in operations. Resources not available to finance expenditures and commitments of the current period are recognized as deferred revenue. Liabilities for claims, judgments, compensated absences and pension contributions which will not be currently liquidated using expendable available financial resources are not recognized as current expenditures. These related expenditures are recognized when the liabilities are liquidated.

D. GENERAL CAPITAL ASSETS

General capital assets acquired for Athletic Department purposes are recorded as expenditures in the statement of revenues and expenditures – budgetary basis when they are funded by operating revenues. Capital assets funded by debt proceeds and the State of Wisconsin are not reported.

Depreciation is not recorded on capital assets and is not reflected in the statement of revenues and expenditures – budgetary basis.

E. COMPENSATED ABSENCES

Under terms of employment, employees are granted sick leave and vacations in varying amounts. Employees are allowed to accumulate unused sick leave and vacation time and carry it forward to future periods. The Athletic Department is charged for sick leave by the State of Wisconsin as the sick leave is earned. Amounts are accumulated by the State of Wisconsin in the accumulated sick leave fund in the state's Comprehensive Annual Financial Report. Therefore, no sick leave liability exists for the Athletic Department. Total vested vacation time and other compensated absences at June 30, 2012 were \$2,379,788.

Payments for vacation and sick leave will be made at rates in effect when the benefits are used. Vested benefit liabilities are determined on the basis of current salary rates and include salary related payments.

F. OTHER POSTEMPLOYMENT BENEFITS

The State of Wisconsin's health insurance program, a cost-sharing multiple employer, defined benefit plan, is an employer-sponsored program offering group medical coverage to eligible employees and retirees of the State of Wisconsin. Under this plan, retired employees of the State are allowed to pay the same healthcare premium as active employees creating an implicit rate subsidy for retirees. This implicit rate subsidy, which is calculated to cover pre-age 65 retirees is treated as an other postemployment benefit (OPEB) and results in an actuarial determined liability and expense in the State of Wisconsin's Comprehensive Annual Financial report. Details of the plan are included in the Comprehensive Annual Financial Report of the State of Wisconsin for the year ended June 30, 2012. The liability and expense is computed for the entire State of Wisconsin and is not separately calculated for the Athletic Department.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

G. CLAIMS AND JUDGMENTS

Claims and judgments are recorded as expenditures if all the conditions of Governmental Accounting Standards Board pronouncements are met. There were no significant claims or judgments at year end.

The Division of Intercollegiate Athletics is a unit of a state governmental body. The Board of Regents of the University of Wisconsin System and DIA, as a unit of this state agency, cannot be sued because they have governmental immunity. Claims arising out of employment or agency (excluding employment discrimination claims) must be brought against state employees or agents individually under § 895.46, Wis. Stats.

H. CONTRIBUTIONS

The Athletic Department receives contributions in support of various intercollegiate sports programs. All contributions for the Athletic Department are initially remitted to the University of Wisconsin Foundation (the "Foundation") which is the official not-for-profit fund raising corporation for the University of Wisconsin-Madison.

The Athletic Department applies some of the contributions for capital outlay (capital assets). Other contributions are used to support the annual operations of the Athletic Department. These contributions are reported as fundraising revenues. Contributions are recorded as revenues when they are drawn from the Foundation.

NOTE 2 – LONG-TERM DEBT

The State of Wisconsin has issued various general obligation bonds, portions of which were for construction of various Athletic Department projects.

The general obligation bonds are backed by the full faith and credit of the State of Wisconsin. The Athletic Department's share of these bonds will be retired by Athletic Department program revenues.

In 2011-12, the Athletic Department's debt service payments consisted of the following:

	<u>2011-12</u>
Principal on bonds	\$ 6,021,535
Interest on bonds	<u>3,782,178</u>
Total	<u>\$ 9,803,713</u>

NOTE 4 – EMPLOYEES' RETIREMENT SYSTEM

All eligible Athletic Department employees participate in the Wisconsin Retirement System ("system"), a cost-sharing defined benefit multiple-employer public employee retirement system (PERS).

All permanent employees expected to work over 600 hours a year are eligible to participate in the system. Covered employees are required by statute to contribute 6.5% of their salary to the plan. The Athletic Department makes these contributions to the plan on behalf of the employees. The total contributions by the Athletic Department for the year ended June 30, 2012 are unknown.

Details of the plan are included in the Comprehensive Annual Financial Report of the State of Wisconsin for the year ended June 30, 2012.

NOTE 5 – COMMITMENTS AND CONTINGENCIES

During the ordinary course of business, the Athletic Department enters into various long-term commitments with third parties. These commitments vary in duration and in the amount of resources required to fulfill each commitment. A description of the major commitments in effect at June 30, 2012, and the expiration date of the current agreements are summarized below:

NOTE 5 – COMMITMENTS AND CONTINGENCIES (cont.)

During fiscal year 2010-11, the Athletic Department began its student athlete performance center project. Including amendments subsequent to 2010-11, the Athletic Department has entered into construction contracts totaling \$86,165,000. At June 30, 2012, \$18,565,600 has been expended.

During fiscal year 2010-11, the Athletic Department began its swimming/hockey facility project. Including amendments subsequent to 2010-11, the Athletic Department has entered into construction contracts totaling \$36,996,000. At June 30, 2012, \$26,593,040 has been expended.

From time to time, the Athletic Department is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the Legal Affairs Office that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Athletic Department's statement of revenues and expenditures – budgetary basis.

NOTE 6 – ADIDAS CONTRACT

A five year contract with Adidas Promotional Retail Operators was entered into on August 20, 2010. During each contract year, Adidas shall be the exclusive supplier of athletic footwear and apparel to UW Intercollegiate Athletic teams, and Adidas shall provide compensation in the form of goods, services and monetary contributions to benefit the University, Athletic Department and the Madison community.

NOTE 7 – RELATED PARTY TRANSACTIONS

The University provides various administrative and accounting services to the Athletic Department. The cost of these services is charged to the Athletic Department. In addition, the Foundation provides various administrative and accounting services to the Athletic Department. The Athletic Department pays the Foundation for these costs.

NOTE 9 – SIGNIFICANT CONTRIBUTIONS

In fiscal year 2011-12, the Foundation did not receive contributions for the Athletic Department from any individual constituting greater than ten percent of all contributions received by the Foundation for Athletic Department purposes.

NOTE 10 – RISK MANAGEMENT

The Athletic Department participates in the State of Wisconsin's Risk Management Fund. It is the general policy of the State not to purchase commercial insurance for the risks of losses to which it is exposed. Instead, the State believes it is more economical to manage its risks internally and set aside assets for claim settlement in its Risk Management Fund. The fund services most claims for risk of loss to which the State is exposed, including damage to State owned property, liability for property damages and injuries to third parties, and worker's compensation.

In addition, the Athletic Department participates in the Wisconsin Department of Employee Trust Funds. The Wisconsin Department of Employee Trust Funds operates four public entity risk pools: health insurance, group income continuation insurance, protective occupation duty disability insurance, and long-term disability insurance. Information regarding these risk pools can be found in the State's Comprehensive Annual Financial Report.

NOTE 11 – CONTRIBUTIONS AND ENDOWMENTS HELD BY THE UNIVERSITY OF WISCONSIN FOUNDATION

As of June 30, 2012 the Athletic Department had \$106,296,944 of fundraising, endowment and other investments held at the Foundation. The Athletic Department will draw funds from the Foundation as needed to finance expenditures of the Athletic Department.

NOTE 12 – SUBSEQUENT EVENTS

On December 4, 2012, the State of Wisconsin issued general obligation bonds. The Athletic Department's portion of these bonds was \$8,647,637 with an interest rate of 3%. This amount will be used for the athlete performance center construction project.

In December 2012, the head football coach resigned to accept a similar position at another university.

INDEPENDENT AUDITORS' REPORT ON APPLYING AGREED-UPON
PROCEDURES FOR BOOSTER ORGANIZATIONS

To the Chancellor
University of Wisconsin-Madison
Madison, Wisconsin

We have performed the procedures enumerated below, which were agreed to by the University of Wisconsin-Madison Division of Intercollegiate Athletics (the "Athletic Department") and the National Collegiate Athletic Association (the "NCAA"), solely to assist you with respect to complying with NCAA Constitution 3.2.4.16 for the year ended June 30, 2012. The University of Wisconsin-Madison Division of Intercollegiate Athletics is responsible for compliance with the requirements of NCAA Constitution 3.2.4.16. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

- a. We obtained a list of recognized booster organizations ("organizations") and related statements of changes in cash of recognized booster organizations presented in Exhibit A for the year ended June 30, 2012, or comparable period. No audit procedures were performed on these statements in connection with our audit of the statement of revenues and expenditures – budgetary basis.
- b. We confirmed with the appropriate office of the recognized booster organizations the cash receipts and disbursements of the organizations for the year ended June 30, 2012, or comparable period as shown in Exhibit A.
- c. We obtained a schedule of expenditures of the recognized booster organizations for or on behalf of the Athletic Department's intercollegiate athletic programs or employees and reconciled those expenditures to the revenues recorded on the Athletic Department's accounting records.
- d. We received the financial statements of the National "W" Club, Inc. and subsidiary for the year ended June 30, 2012, and the financial statements of the Mendota Gridiron Club, Inc. for the year ended December 31, 2011, both of which had been audited by other independent auditors who expressed unqualified opinions on these statements.

The results of these procedures are summarized in the following statement of changes in cash of recognized booster organizations.

To the Chancellor
University of Wisconsin-Madison

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion on the accompanying statements of changes in cash of recognized booster organizations. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the Chancellor, management of the University of Wisconsin and Athletic Department, or an authorized representative of the National Collegiate Athletic Association and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO STATEMENT OF CHANGES IN CASH OF
RECOGNIZED BOOSTER ORGANIZATIONS
For the Year Ended June 30, 2012

(1) Cash Receipts

Cash receipts represent funds deposited by recognized booster organizations in their checking accounts during their fiscal year. These amounts are proceeds from club activities. Individual gifts made in support of particular sports are made directly to the University of Wisconsin Foundation and, therefore, are not reflected as a booster organization receipt in the Statement of Changes in Cash of Recognized Booster Organizations. These amounts are recognized as revenues when they are transferred to the Athletic Department.

(2) Expenditures

Cash disbursements are made by the recognized booster organizations for various purposes.

Disbursements that are reflected on the Statement of Changes in Cash of Recognized Booster Organizations as expenditures on behalf of the Athletic Department include the following:

- a. Annual sport banquet, parent weekend and senior day expenses
- b. Products used specifically by department staff

Disbursements that are reflected on the Statement of Changes in Cash of Recognized Booster Organizations as expenditures on behalf of support organizations include the following:

- a. Cost of goods sold (where the organization sells products or services)
- b. Administrative expenses
- c. Athletic Department sanctioned club activity expense
- d. Other miscellaneous disbursements

In addition to these expenditures, the Athletic Department may expend funds from specific Foundation funds to assist support organizations in their club activities. These amounts are included in the Athletic Department's statement of revenues and expenditures – budgetary basis.

INDEPENDENT AUDITORS' REPORT ON APPLYING AGREED-UPON PROCEDURES FOR THE
UNIVERSITY OF WISCONSIN – DIVISION OF INTERCOLLEGIATE ATHLETICS

To the Chancellor
University of Wisconsin-Madison
Madison, Wisconsin

We have performed the procedures enumerated below, which were agreed to by the University of Wisconsin-Madison Division of Intercollegiate Athletics (the "Athletic Department") and the National Collegiate Athletic Association (the "NCAA"), solely to assist you with respect to complying with NCAA Constitution 3.2.4.16 for the year ended June 30, 2012. The University of Wisconsin-Madison Division of Intercollegiate Athletics is responsible for compliance with the requirements of NCAA Constitution 3.2.4.16. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed are summarized as follows:

- a. We compared and agreed each operating revenue category reported in the statement of revenues and expenditures – budgetary basis to supporting schedules provided by the Athletic Department.
- b. We traced a sample of operating revenue receipts to supporting documentation including:
 1. Confirmed Big Ten Conference receipts directly with Big Ten Conference management.
 2. Confirmed WCHA Conference receipts directly with WCHA Conference management.
- c. We compared each major revenue account to prior period amounts and budget estimates and obtained and documented significant account variations.
- d. We compared and agreed each operating expenditure category reported in the statement of revenues and expenditures – budgetary basis to supporting schedules provided by the Athletic Department.
- e. We tested a sample of operating expenditures to supporting documentation for the following:
 1. Athletic Department disbursements
 2. University of Wisconsin Foundation disbursements on behalf of the Athletic Department
 3. Athletic Department payroll disbursements

To the Chancellor
University of Wisconsin-Madison

- f. We compared each major expenditure account to prior period amounts and budget estimates and obtained and documented significant account variations.
- g. We obtained the Athletic Department's schedule of capital assets, additions and improvements summarized by type.
- h. We tested significant capitalized fixed assets greater than \$25,000 incurred during the reporting period and reconciled the recorded cost to supporting documentation.
- i. We obtained a list of individual contributions of moneys, goods or services received directly by an intercollegiate athletics program from any affiliated or outside organization to determine whether it was 10 percent or more of all contributions received for intercollegiate athletics during the reporting year.
- j. We disclosed the source of funds, goods and services, as well as the value associated with these items within the notes to the financial statement if they exceeded 10 percent of all contributions.
- k. We obtained repayment schedules for all outstanding Athletic Department debt and reconciled the audited year's activity to amounts reported by the Athletic Department.
- l. We reviewed the Capital Expenditure Survey content and compared the reported amounts to those in the financial statement and related footnotes.
- m. We obtained the NCAA EADA report submission and compared the reported amounts to those in the financial statement and related footnotes.

There are no findings to report as a result of these procedures.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

Madison, Wisconsin

We have performed the procedures enumerated below, which were agreed to by the University of Wisconsin-Madison Division of Intercollegiate Athletics (the "Athletic Department"). This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of the procedures is solely the responsibility of the parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed related to the University Ridge Golf Course for the period July 1, 2011 through June 30, 2012 are summarized as follows:

- a. We compared each major revenue account to prior period amounts and budget estimates and obtained and documented significant account variations.
- b. We tested a sample of operating expenditures to supporting documentation for the following:
 1. Athletic Department disbursements for University Ridge activity.
 2. Athletic Department payroll disbursements for University Ridge personnel.
- c. We compared each major expenditure account to prior period amounts and budget estimates and obtained and documented significant account variations.
- d. We tested individual capital assets greater than \$25,000 to supporting documentation.
- e. We obtained repayment schedules for all outstanding capital leases of the University Ridge Golf Course and agreed the payments reported by the Athletic Department to the schedules.

There are no findings to report as a result of these procedures.

SCOPE

Internal Audit (IA) has completed our examination of the NCAA rules-compliance program for the period July 1, 2012 to June 30, 2013.

OBJECTIVE

This examination was conducted to comply with *Bylaw 22.2.1.2 (e)* of the *2012-13 NCAA Division I Manual* that requires every Division I institution to have its athletic rules-compliance program evaluated at least once every four years by an authority outside of the athletics department. Our examination included the recommended audit procedures suggested by the comprehensive program in the *NCAA Division I Compliance Audit Guide* published by the Association of College and University Auditors (ACUA). This comprehensive program provides for a general understanding of the compliance system with limited substantive work involving testing and data examination. This was an examination of eleven of the fifteen compliance areas as identified below.

- | | |
|---|---------------------------------|
| 1. Initial-eligibility certification | 7. Rules education |
| 2. Continuing-eligibility certification | 8. Student-athlete employment |
| 3. Transfer-eligibility certification | 9. Playing and practice seasons |
| 4. Camps and clinics | 10. Amateurism |
| 5. Financial aid administration | 11. Commitment to compliance |
| 6. Recruiting | |

METHODOLOGY

Our examination was planned to cover all compliance areas by rotating the teams and compliance areas over a four year period. Investigations and self-reporting was reported on in September 2011 and governance and organization, academic performance program, and extra benefits were all reported on in September 2012. For each compliance area, IA reviewed policies and procedures as well as tested documentation and monitoring activities as suggested in the ACUA audit guide. This report is the first issued in the four year rotation period.

FINDINGS

RECRUITING

1. The compliance staff maintains written materials to document recruiting activities. The materials are used to ensure that teams are within NCAA limitations for various recruiting bylaws. These forms should be filled out properly and turned in within a timely manner to ensure accurate reporting of all activities.

IA notes there were multiple inconsistencies on the recruiting logs that indicate the logs are not being thoroughly reviewed (i.e. logs that were predated or dated on days that do not exist). For example, ten of the forms were not turned in within a timely manner, and one form was not dated. IA also notes one form had different dates listed for recruiting activity than the included expense report. Finally, IA notes the logs used for men's basketball and men's wrestling only have one time listed at which recruiting activities occurred. Since there is no indication of a start and end time, IA is unable to determine the actual timeframe that coaches are recruiting.

CAMPS AND CLINICS

1. The compliance staff will maintain adequate documentation about all individuals employed by the institutions sports camp and clinic. Included in this documentation would be any indication if an employee is an institutional, two-year college, or high school coach or a prospective or enrolled student-athlete (see NCAA Bylaw 13.12.1.7 and 13.12.2).

IA notes the compensation roster does not indicate any special characteristics regarding employees. Because there is no indication of any special characteristics for employees, IA was unable to determine if there were any institutional, two-year college, or high school coach or a prospective or enrolled student-athlete employed at a camp or clinic. Additionally, IA was unable to determine if any camp counselors or coaches were paid above the going rate.

PLAYING AND PRACTICE SEASONS

1. CARA forms are used by each team coach to report monthly on their team's compliance with NCAA limits on hours and type of activities. These NCAA limits vary by sport and include individual, group, and team activities such as conditioning, skill instruction, meetings, and clinics. For women's volleyball, the team cannot have more than 20 hours per week and four hours per day of countable athletically related activities (see NCAA Bylaw 17.1.6.1).

IA notes the CARA log for women's volleyball was not signed by the compliance office for the month of August. Additionally, the women's volleyball team partook in 4.5 hours of countable activities on August 27 and 29 which exceeds the four per day limitation.

2. University and compliance staff members will partake in "real time" monitoring of practice activities. Activities that could take place would include random interviews of student-athletes and coaching staff members, establishing a random comment box for student-athletes and staff, and observing practice activities and times. These monitoring events will help to ensure that coaches are properly completing practice logs.

IA notes the compliance staff does not conduct any "real time" monitoring activities; however, there are athletic trainers and equipment managers at all practice activities who are aware of all NCAA rules and regulations.

3. CARA forms are used by each team coach to report monthly on their team's compliance with NCAA limits on hours and type of activities. These NCAA limits vary by sport and include individual, group, and team activities such as conditioning, skill instruction, meetings, and clinics. The form includes a roster of student-athletes for each day of the month to indicate which student-athletes partook in skill instruction each day.

IA notes the forms were not being filled out correctly for men's hockey, making it hard to determine whether sports were in compliance with NCAA legislation. IA notes the men's hockey form lists almost all student-athletes partaking in skill instruction on the same day. Per NCAA Bylaw 17.1.6.2.2, men's hockey may not have more than four student-athletes partaking in skill-related instruction with their coaches at any one time. Since there is no indication of actual time frame or how many student-athletes are in a group, IA is unable to determine if a violation occurred.

STUDENT ATHLETE EMPLOYMENT

1. A spreadsheet is used to track information on each employer of a student-athlete. The spreadsheet indicates the name and location of the employer, the name of the supervisor of the student-athlete, any arrangements for employment, amount of pay and description of job responsibilities. These categories are monitored to ensure that student-athletes are not receiving any extra benefits for employment that may be based on their reputation.

IA notes numerous student-athletes were missing documentation regarding their employment, either during the school year or during the summer. Things that were missing included summer employer forms, names of supervisors, and descriptions of the student-athlete's job responsibilities.

RECOMMENDATIONS

RECRUITING

1. IA recommends communicating the importance of submitting all documentation in a timely manner with all coaches and staff members involved in recruiting activities. A spreadsheet could be compiled by the compliance staff to ensure all coaches are turning recruiting forms in within a timely manner. This would help to ensure that recruiting materials are being properly reviewed. Finally, as of August 1, 2013, Bylaw 11.7.4.3.1 was removed and is no longer a limitation eliminating any restriction on the number of coaches allowed to recruit off-campus. The recommendation to add a column to the off-campus recruiting logs to indicate a start time and stop time for recruiting activities is no longer necessary.

CAMPS AND CLINICS

1. IA recommends adding new fields onto the camp compensation roster. These fields should indicate any characteristics of employees such as institutional, two-year college, or high school coach or a prospective or enrolled student-athlete. Additionally, a field should indicate the duration of time worked to ensure employees are not being paid above the going rate for camp counselors.

PLAYING AND PRACTICE SEASONS

1. IA recommends holding a review session to ensure that coaches and athletes are properly informed about daily and weekly hour limitations. Additionally, IA recommends the compliance office sign and date all CARA logs to ensure compliance with NCAA regulations is occurring. Also the athletic department should self-report to the NCAA the two days which practice exceeded the allowed four hours for women's volleyball.
2. IA recommends exploring other options in which student-athletes, trainers, coaches, and other members of the athletic department can report any knowledge of potential violations. IA also recommends the compliance staff expands its current efforts in holding real time monitoring of practice activities to ensure accuracy in the reporting of countable athletically related activities.
3. IA recommends revising the CARA form used to include a specific indication of skill instruction. Additionally, IA recommends the coaches indicate the actual time that each individual is working with which coach. This will ensure that not more than four individuals are participating in skill instruction at a time. It would be worth the time to reeducate the coaches on what activities need to be reported on the CARA logs and how to fill out the individualized skill instruction sheet properly.

STUDENT-ATHLETE EMPLOYMENT

1. IA recommends the department frequently check and update the spreadsheets used to track student-athlete employment. Additionally, follow up letters or other means of communication should be conducted frequently to ensure the compliance department has all documentation on employed student-athletes.

CONCLUSIONS

Based on this examination it is our opinion that there is an adequate system in place to monitor compliance in each of the functioning areas, exclusive of three documentation limitations within Article 7- Recruiting, Article 9- Camps and Clinics, Article 17- Playing and Practice Seasons, and Article 18- Student-Athlete Employment, as discussed above. Our assessment is derived from a review of formal documented policies, monitoring procedures, and training programs for compliance in the areas IA tested.

ACTION PLANS

RECRUITING

1. *MANAGEMENT RESPONSE:* Partial agreement. The office will consider "a timely manner" for submission of logs to be sixty days from the end of each month. However, the office will maintain the process of coaches turning in these logs with their requests for reimbursement of recruiting and travel expenses, which the office feels provides the greatest incentive for timely submission. Due to recent NCAA deregulation allowing all head and assistant coaches to be off-campus recruiting, the office will not add a column to the off-campus recruiting logs to indicate a start time and stop time for recruiting activities.

RESPONSIBLE INDIVIDUAL: Joel Ott

TARGET COMPLETION DATE: Submission date monitoring - completed/on-going. Addition of new column - N/A.

CAMPS AND CLINICS

1. *MANAGEMENT RESPONSE:* Disagreement. Camp Employees complete a rigorous hiring process which includes completing all normal human resource paperwork and completing a camp employment contract. All camp employees and volunteers are required to check-in with camp administration and receive a camp credential prior to working camps. All items must be completed in order for an employee to be allowed to work and earn compensation. Camp Directors submit camp compensation rosters which are reviewed by the Assistant Director of Camps to ensure all steps have been completed. The Director of Budget and Camps reviews all payroll amounts checking for any extraordinary payroll amounts. Camp employees come from many different walks of life, and we feel that the hiring and payroll processes we have implemented would likely prohibit any risk contemplated by the recommendation. It doesn't matter who you are or what your status is, all payrolls are reviewed. Finally, all camp employees are paid by camp session.

RESPONSIBLE INDIVIDUAL: Joel Ott, Mario Morris, and Tracy Chynoweth

TARGET COMPLETION DATE: N/A

PLAYING AND PRACTICE SEASONS

1. *MANAGEMENT RESPONSE:* Partial agreement. Monthly CARA logs are reviewed and signed by Greg Offerman. The August log was reviewed, but not signed. This was an oversight and does not reflect the standard procedure followed by the compliance office. The institution self-reported the volleyball CARA violation, for which relief was granted by the NCAA due to the fact that the violation occurred under the former coaching staff.

RESPONSIBLE INDIVIDUAL: Greg Offerman and Dan Rohrer

TARGET COMPLETION DATE: N/A

2. *MANAGEMENT RESPONSE:* Partial agreement. Dating back to the start of the 2013-2014 academic year, the compliance office has placed a greater emphasis on "real-time" monitoring of team activities, such as attendance at practices and traveling with teams to away competitions. We attempt to do proactive education of team staffs and support staff, which often results in questions. For example, a sports medicine staff member notified the compliance office in March 2012 of a potential CARA violation in men's tennis after reading the office's weekly educational e-mail. The staff member's information resulted in an eventual self-report by the institution.

RESPONSIBLE INDIVIDUAL: Katie Smith, Joel Ott and Dan Rohrer

TARGET COMPLETION DATE: Date: Completed

3. *MANAGEMENT RESPONSE:* Partial agreement. Men's hockey has begun to note which individual student-athletes make up each group for purposes of skill instruction to ensure that no more than four individuals are participating in skill instruction at a time. There is no need to reeducate the men's hockey coaches given that they have sufficiently altered the way in which they complete their CARA logs.

RESPONSIBLE INDIVIDUAL: Greg Offerman

TARGET COMPLETION DATE: Completed

STUDENT-ATHLETE EMPLOYMENT

1. *MANAGEMENT RESPONSE:* Partial agreement. All documentation needed to track student-athlete employment was completed for the 2012-2013 year but was misplaced during a reassignment of job responsibilities within the compliance office. Going forward, the office will make a concentrated effort to ensure all forms are properly filed in the event of another reassignment or transition.

RESPONSIBLE INDIVIDUAL: Greg Offerman

TARGET COMPLETION DATE: On-going

NCAA OVERSIGHT CERTIFICATION LETTER

January 21, 2014

Mr. Michael J. Falbo, President, University of Wisconsin Board of Regents
Mr. Richard J. Telfer, President, University of Wisconsin System
Van Hise Hall
1220 Linden Drive
Madison, WI 53706

Presidents:

In connection with your oversight of the University of Wisconsin-Madison's intercollegiate athletics program, we are confirming via this letter and supporting documents, to the best of our knowledge and belief, the following pertaining to 2012-2013.

There were no instances of any major compliance violations. We are aware of 20 secondary violations of non-compliance with NCAA rules and regulations which occurred during 2012-13.

There were no illegal acts or non-compliance with federal, state, or local law by individuals employed by the institution or representatives of the University of Wisconsin's athletics interests.

There are no monitoring reviews currently underway by the NCAA, law enforcement officials, or others, except for routine audits done annually or periodically.

There are no allegations of fraud or suspected fraud affecting intercollegiate athletics received in communication from employees, former employees, or others.

There have been no modifications to the institution's gender-equity plan from our previous self-study, dated 2008-2009, and all aspects of the plan have been fully implemented.

We have processes in place to ensure background checks are performed on all coaches, assistant coaches, contractors, volunteers, student employees, and any other individuals serving as an agent of the institution related to intercollegiate athletics. These processes apply to those involved with offering camps and clinics, and others who participate in activities involving children. Adverse outcomes of background checks are evaluated by Director of Human Resources Holly Weber.

We understand our fiduciary responsibilities to act in the best interest of the institution even if it conflicts with the immediate interests of the athletic department.

The athletic department has not intervened when a student-athlete is being disciplined under regular student conduct rules.

Very truly yours,
